

PROFILE & SKILLS

Developer specialising in **web technologies**, **education**, and **design**. I have a background teaching English and maths at an international school in Tokyo – and film production in California. I love to combine my love of art and technology to create engaging educational content. I design and produce multimedia assets with **Illustrator**, **Photoshop**, **Premiere Pro**, **After Effects**, and **Articulate Storyline**, bringing together front-end engineering and creative design to build tools that work smoothly and look great.

I am proficient with **CSS**, **JavaScript**, **Vue**, and **backend technologies**. I use **Azure**, **Alteryx**, **Node.js**, **Excel VBA**, **Power Platform**, **Google Apps Scripts** to streamline processes, automate repetitive tasks, wrangle data – across Google and Microsoft ecosystems. I am fluent in **Japanese** and love solving complex problems.

EXPERIENCE

POSTWORK LABS – AI Data Contributor

September 2025 - Current – Remote

Complete coding projects across a range of technical domains, producing high-quality and well-documented code designed to support the training of frontier AI systems.

Apply problem-solving and programming skills to deliver efficient solutions aligned with project specifications.

Ensure accuracy, consistency, and clarity of code outputs to contribute to robust, real-world AI training data.

PRICEWATERHOUSECOOPERS (PwC) – eLearning Developer

September 2023 - March 2025 - London, WC2N

Leverage Adobe Creative Suite and Articulate Storyline to design and author eLearning materials.

Produce multimedia assets, implement custom features/functionality with JavaScript, and maximise engagement and interactivity in eLearning experiences.

Integrate AI, automation, and tech solutions in our workflows – improving *quality-of-work* and reducing administrative/managerial burden – increasing the time we get to spend on the creative stuff.

TESTRONIC – Localisation Tester

July 2021 – September 2023 - London

Conduct final-stage quality assurance for AAA games, ensuring release-ready products free from bugs, UX/UI issues, and language inconsistencies.

Collaborate with international teams to expedite bug resolution – cross-reference Japanese/English scripts and communicate with translators to guarantee language accuracy.

Use Excel and JIRA for streamlined issue tracking.

TRANSPERFECT – Project Moderator

November 2022 – May 2023 - London

Facilitate structured data collection sessions for a range of ai and assistant products.

Deliver clear, actionable instructions to participants, ensuring high-quality data output aligned with client standards.

JET PROGRAMME – Assistant Language Teacher

August 2015 – August 2018 – Tokyo

Prepare learning materials, supervised school events, and organized cultural events.

Elected Head Teacher of English Club and Cultural Exchange Ambassador.

Originate mathematics and science curriculum for international students.

DIGITAL MEDIA ACADEMY (DMA) – Film Production Instructor

July 2015 – August 2015 - Stanford, CA

Help students with professional cameras and editing software.

Hired by programme director for demonstrating outstanding achievements in film production.

EDUCATION

THE UNIVERSITY OF MANCHESTER - Bachelor of Arts Honours in Japanese and Screen Studies, Second Class

2011 – 2015

Gained Japanese language skills, knowledge in medieval history, contemporary sociology. Also developed skills in filmmaking, and editing, Directed and produced short films.

EDX Trinity Skills Bootcamp in Front-End Web Development

2023

Graduated with skills in **HTML5**, **CSS3**, **JavaScript**, **jQuery**, **React.js**, and **Node**. Projects include a social media app, weather dashboard, command-line applications, and a film comparison app.
